Docket Statement enclosed

Objection to Submission of Appeal

Notice is hereby given that Plaintiff Michael Morris objects to the Clerk's Submission of the 10/5/17 Notice of Appeal.

- 1. I filed a Motion to Alter the Court's Final Judgment on 10/2/17 the notice said warning case closed and acknowledged the Motion to alter Judgment under 59(c) but gave it no docket number.
- 2. On 10/4/17 I submitted a motion for Clarification on whether the Motion for Alteration of the Court's Final Judgment of 9/2/17 was given to the court for consideration if not I also supplied a notice of appeal with a statement "Only file if court is not going to consider the 59(c) motion. The Clerk filed the Appeal.
- 3. I have a right to file the 59(c) motion so I object to the early filing of my appeal it was not meant to be filed.
- 4. I Also object to the court's denial of my 59(c) motion for his consideration if that what the filing of my appeal means.
