No. 197640  
Kent Circuit Court  
LC No. 95-000017 DO

AFTER REMAND

Before: Griffin, P.J., and Wahls and Gribbs, JJ.

MEMORANDUM.

We originally remanded this case to allow the trial court to make additional factual findings. *Kuiper v Kuiper*, unpublished opinion per curiam of the Court of Appeals, issued 10/31/97 (Docket No. 197640). Because the trial court has complied with our earlier opinion, the case now returns to us for final resolution. We affirm.

On remand, the trial court corrected the division of defendant's pension, and made specific findings regarding the factors outlined in *Sparks v Sparks*, 440 Mich 141, 159-160; 485 NW2d 893 (1992). After reviewing the trial court's findings, we conclude that they are not clearly erroneous. Further, in light of those findings, we are not convinced that the trial court's division of assets and award of spousal support were inequitable. Under these circumstances, we must affirm the trial court. *Id.* at 152.

Affirmed.
