Before: Saad, P.J., and Jansen and Talbot, JJ.

SAAD, P.J. (concurring).

I concur in the result of the majority opinion but write separately to say that I would affirm the arbitrator's award simply because the appellants failed to show any reason under the applicable statute or court rule, MCL 600.5001 *et seq.*, MSA 27A.5001 *et seq.*; MCR 3.602, that would warrant reversal.
