DECISION

Petitioner New York Presbyterian Hospital (Hospital) brings this Article 78 proceeding to annul the August 7, 2012 decision of respondent New York City Water Board (Water Board), rejecting, as time barred, the Hospital's claim that petitioner overcharged it for water use.

The Water Board is a public benefit corporation established in 1984 pursuant to the New York City Municipal Water Finance Authority Act, Public Authorities Law (PAL) 1045-a, et seq. PAL § 1045-g (4) empowers the Water Board to establish rates for use of the City sewerage and water systems. Pursuant to an agreement between the Water Board and the City of New York, the Water Board assumed responsibility for operating the City's water system. See PAL § 1045-f and 1046.

Under the Agreement of Lease between the City and the Water Board, dated July 1, 1985, respondent New York City Department of Environmental Protection (DEP) acts as the agent for the Water Board, billing and collecting water and sewer charges. PAL § 1045-g (4) provides, in relevant part, that the Water Board "shall not establish a limit of less than four years, commencing from the date of the bill for service, to challenge any fee, rate, rent or other service charges for the use of or services furnished by the water and/or sewerage systems."

It is undisputed that, by letter dated April 13, 2016, petitioner's agent, The Water Group, LLC, wrote to Ms. Barbara Baird, at the DEP Ombudsman's Office, objecting to the August 7, 2012 bill. Respondents argue that that letter did not constitute a complaint, because the applicable rate schedule provides that a written complaint must be filed within four years of the bill date with the DEP/BCS customer service

department in Elmhurst, N.Y. However, the applicable rate schedule provides:

"The Customer or Authorized Representative must file a written complaint . . . within four years of the Bill Date to DEP/BCS Customer Service, P.O. Box 739055, Elmhurst, NY 11373-9055. To submit such complaint, the customer **may also** use DEP's Customer Dispute Form, which is available on DEP's website . . . or may be obtained from DEP by calling (718) 595-7000" (bold face supplied).

The DEP online form provides that "you may submit this form at any BCS borough office" and that "you may fax this form." Thus, petitioner's letter complaint to Ms. Baird was properly and timely submitted.

Moreover, petitioner represents that writing to Ms. Baird was the procedure established by DEP for complaining about a hospital's water bills.

Respondents also argue that, because Ms. Baird concluded that the Hospital's water meter was not registering usage, no adjustment to the estimated bill is warranted. The court agrees that such statement of Ms. Baird is insufficient to establish that the water meter was not registering petitioner's usage. Therefore, a trial pursuant to CPLR § 7804(h) is warranted.
