Defendant.)	DECISION OF STIPULATION

Plaintiffs appealed Defendant’s disqualification of the two acres of land from forestland special assessment. The property is identified in the Columbia County tax records as assessor’s Account 6211-000-00300. On appeal, the parties agreed during the January 22, 2003, case management conference, that only one acre should be disqualified from special assessment. Now, therefore,

IT IS THE DECISION OF THIS COURT that the amount of land associated with assessor’s Account 6211-000-00300 disqualified by Defendant from forestland special assessment in June 2002 shall be reduced from two acres to one acre.

Dated this _____ day of February, 2003.
