**MEMORANDUM OPINION**

Relators, Zak Nakhoda, James Wesselski, Kenneth Chambers, Philip Spotts, The Structural Alliance, Wesgroup Consulting, LLC, and The Mission Group, filed a petition for writ of mandamus and a motion for emergency relief on August 14,

2015.<sup>1</sup> Relators sought to compel the trial court to vacate an August 12, 2015 order requiring production of certain documents and to grant relators' motion for protection. We issued an order on August 14, 2015, staying the trial court's order pending our review of the petition. We requested a response from the real parties in interest.

Before a response was filed, this Court learned that the respondent, the Honorable Larry Weiman, had recused himself, and the case had been transferred to the 156th District Court, the Honorable Deborah Ibarra Mayfield, presiding. On September 10, 2015, we issued an order to allow Judge Mayfield to reconsider the order of August 12, 2015. On October 29, 2015, Judge Mayfield signed an order, granting relators' motion for protection.

On November 5, 2015, relators filed an unopposed motion to dismiss this original proceeding as moot. We grant relators' motion, lift the stay, and dismiss the proceeding.

**PER CURIAM**

Panel consists of Justices Higley, Huddle, and Lloyd.
