

NO. 07-02-0369-CR
IN THE COURT OF APPEALS
FOR THE SEVENTH DISTRICT OF TEXAS
AT AMARILLO
PANEL C
SEPTEMBER 30, 2002

EX PARTE DARRICK MARCIANO KIZZEE

Before QUINN and REAVIS and JOHNSON, JJ.

DISMISSAL

Proceeding pro se, Darrick Marciano Kizzee filed a notice of appeal from the Texas Court of Criminal Appeals's dismissal of his application for writ of habeas corpus. By letter dated September 13, 2002, this Court requested that Kizzee show why this Court has jurisdiction to entertain his purported appeal. Kizzee responded by filing a document entitled "Court's Jurisdiction." Although he cites several legal authorities, Kizzee does not reference any authority establishing that this Court has jurisdiction to hear an appeal of the dismissal by the higher court.

Accordingly, we dismiss this purported appeal for want of jurisdiction.
