MEMORANDUM OPINION

---

---

Bobby Joe Roberts presented a petition for writ of mandamus for filing in this Court to compel a trial court judge to rule on Roberts' motion to correct the trial court's notice to the Texas Department of Criminal Justice of a judgment against Roberts. The trial court judge, however, is in Hood County. We have no jurisdiction of Hood County district judges. *See* TEX. GOV'T CODE ANN. § 22.201(k) (West Supp. 2011).

Roberts also presented an affidavit of indigence for filing in this Court. Under the circumstances of this case, we use Rule 2 and grant Roberts indigent status. TEX. R. APP. P. 2.

Roberts' petition is dismissed for want of jurisdiction.
