MEMORANDUM OPINION

South-Texas Turbine Supply Company, Inc. appealed from the trial court's judgment entered on August 3, 2017. In a letter dated February 15, 2018, this Court notified Appellant that the appeal would proceed on the clerk's record alone because Appellant had not requested that the reporter prepare the reporter's record. The letter informed Appellant that the brief was due 30 days from the date of the letter. Appellant did not file a brief. By letter dated March 29, 2018, this Court notified Appellant that the appeal was subject to dismissal for want of prosecution if a brief or response showing

grounds for continuing the appeal was not filed within 21 days from the date of the letter. More than 21 days have passed, and no response has been filed. Accordingly, this appeal is dismissed. TEX. R. APP. P. 42.3(b).
