MEMORANDUM OPINION

In each of these appeals, appellant, The Daneshjou Company, Inc., has filed an unopposed motion to abate. Appellant represents that all parties would benefit from an abatement of these appeals to permit focus on settlement negotiations. More than ten days have passed since the motion was filed, and no appellee has filed any opposition.

We grant appellant's motions and abate these appeals until October 17, 2005. Absent further report or motion from the parties, these appeals will be reinstated on that date.
